Sunshine on our eyes, they're bright.

We're gonna let love drain (we're gonna let love drain)  
We're gonna let love drain (we're gonna let love drain)  
We're gonna let love drain (we're gonna let love drain)

So I can't keep up knowing when you came to me that low,  
That slow,  
And I can't give up lying down in history I know,  
You know,  
I know, You know,  
I know, You know,  
I know, You know,

We're gonna let love drain  
We're gonna let love drain  
We're gonna let love drain, hmm  
We're gonna let love drain  
We're gonna let love
