

Roots of Taurus - J Lym

I just wanna be bigger
I just wanna be stronger
Yeah yeah yeah yeah
Horns up, heads up, never let go
Look up, wake up, baby let's go

Roots of taurus give me eros (I can see)
Goddamn (I can see)

Running through the clock tower
Watch me through the grind power
Pull me to your garden
Show me your roots, show me your roots
Shoot me on my neck let me make it a necklace

Roots of taurus give me eros (I can see)
Goddamn (I can see)

Pass me your flicker let me lit the room with liqueur
Fill the ammunition blur the edges like a striker
When I listen to the speaker my mind got bleaker
And your roots give me eros
Shoot me on my neck let me make it a necklace (mhm)

Roots of taurus give me eros (I can see)
Goddamn (I can see)

Roots of taurus give me eros (I can see)
Goddamn (I can see)
